RE: Case No. 13-2112-EL-BTA

To Whom It May Concern:

As a property owner impacted by the East Springfield-London-Tangy 138 kV Transmission Line Project, I'm writing to express my support for the amended route. After attending the public meeting held on January 2, 2014, and speaking with FirstEnergy officials and others connected with the project, I strongly believe the amended route is the better solution for this project.

Thank you for your consideration.

Sincerely,

Jo Anne Nelson
