The attorney examiner finds:

- (1) On December 12, 2012, the Commission initiated an investigation into the health, strength, and vitality of Ohio's retail electric service market. The investigation was intended to establish actions that the Commission can take to enhance the health, strength, and vitality of the market. In its entry initiating the investigation, the Commission presented a series of questions to stakeholders regarding market design and corporate separation. Stakeholders provided comments and reply comments to the questions presented by the Commission.
- (2) On May 29, 2013, the Commission established a series of stakeholder collaboration workshops for the purpose of continuing the investigation into the health, strength, and vitality of Ohio's retail electric service market. Additionally, the Commission directed that, subsequent to the stakeholder collaboration workshops, Staff should file a status report and market development work plan in this case.
- (3) On January 16, 2014, Staff filed its status report and market development work plan.
