SECTION 1 – DEFINITIONS, (CONT'D.)

Exchange Telephone Company or Telephone Company: Denotes any individual, partnership, association, joint-stock company, trust, or corporation authorized by the appropriate regulatory bodies to engaged in providing public switched communication service throughout an exchange area, and between exchange areas within the LATA.

Fiber Optic Cable: A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Hearing Impaired: Those persons with communication impairments, including those hearing impaired, deaf, deaf/blind, and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.

Hunting: Routes a call to an idle station line in a prearranged group when the called station line is busy.

IBL: Integrated Business Line Service.

ICB: Individual Case Basis.

Integrated Business Line Service: Service provided to Customers that allows grouping of rate components to meet a Customer's specific needs.

Kbps: Kilobits per second, denotes thousands of bits per second.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Local Interconnection Trunking Service: A local circuit administration point, other than a cross-connect or an information outlet, that provides capability for routing and re-routing circuits.

Mbps: Megabits, denotes millions of bits per second.

Minimum Point of Presence ("MPOP"): The main telephone closet in the Customer's building.

Monthly Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Nonrecurring Charge ("NRC"): A charge assessed on a one-time basis to initiate, establish or change service.

SECTION 1 – DEFINITIONS, (CONT'D.)

Numbering Plan Area ("NPA"): Area code.

Off-Net: A means for carrying traffic to or from the Customer's premises, where the Company leases Other Company's facilities to deliver traffic to Customer location. (Off-Net traffic consists of all traffic that is not considered to be On-Net traffic.)

On-Net: A means for carrying traffic to or from the Customer's premises, where the Company connects to the MPOP in a Customer building or on a Customer's premises using only Company-owned fiber. On-Net traffic is delivered to Customer exclusively over facilities of the Company.

Point of Presence ("POP"): A physical point within a LATA at which a telephone company terminates Customer circuits.

Premises: A building or buildings on contiguous property.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

Service Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Special Construction: Service configurations specifically designed and constructed at a Customer's request.

Traditional Operator Services: Traditional Operator Services are those services provided by the carrier in which the end user has a Customer relationship with the carrier, contracts with the Customer/end user to provide the services, and the Customer/end user pays for the actual processing of the operator assisted calls.

Usage-Based Charges: Charges for minutes or messages traversing over local exchange facilities.

SECTION 2 - REGULATIONS, (CONT'D.)

2.24 Additional Rules Relating to Resale of Service

All local voice services provided by the Company are intended for retail End User purposes only. The Company does not support any Customer's resale of local services to another end user that has not contracted with the Company. Unless otherwise agreed upon in writing by the Company, Customers must abide by the following requirements when purchasing any local services:

2.24.1 Customer must use Company- owned telephone numbers or numbers that are officially ported to the Company in connection with the Services.

2.24.2 The Company does not support the inclusion of individual names and/or locations for each telephone number used in connection with the Services for Emergency 911 purposes. Customer must utilize *PS/ALI (Private Switch/Automatic Line Identifier) software to support each individual location for each ANI (Automatic Number Identification) transmitted by the Company to the applicable Emergency 911 PSAP (Public Safety Answering Position). The Company does not provide PS/ALI software. (T)

2.24.3 The Company does not support CARE record information for each of Customer's end users and Customer must choose a single primary interexchange carrier for Customer and all of its end users. The Customer and all of its end users must utilize the same interexchange carrier.

2.24.4 The Company does not support the populating of the individual end user's caller name for Caller ID purposes. Only one Caller Name will be supported for each Billing Telephone Number provided to the Customer for the services purchased.

2.24.5 The Company does not support individual directory listings for each of the Customer's end users. Customers may only purchase directory listings that are representative of their own business name.

2.24.6 The Company will bill only Customer for both Customer's and its end users use of the Services. Usage may be detailed by Billing Telephone Number (BTN), but the Company will not bill Customer's end users for the Services nor does the Company provide billing media to assist Customer in billing its end users.

2.24.7 The Company does not offer GR303 protocol in connection with the Services.

2.24.8 The Company will accept trouble reports only from Customer or a Customer provided contact. Customer's end users contacting the Company will be referred back to Customer for trouble ticket management.

2.24.9 Customer agrees that all Services purchased hereunder will be subject to taxes, fees, surcharges and assessments based on Customer's use of the Services as an end user.

*PS/ALI software cannot be used with Converged Voice Services and FlexVoiceSM Services. (T)

SECTION 1 – DEFINITIONS, (CONT'D.)

Exchange Telephone Company or Telephone Company: Denotes any individual, partnership, association, joint-stock company, trust, or corporation authorized by the appropriate regulatory bodies to engaged in providing public switched communication service throughout an exchange area, and between exchange areas within the LATA.

Fiber Optic Cable: A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Hearing Impaired: Those persons with communication impairments, including those hearing impaired, deaf, deaf/blind, and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.

Hunting: Routes a call to an idle station line in a prearranged group when the called station line is busy.

IBL: Integrated Business Line Service.

ICB: Individual Case Basis.

Integrated Business Line Service: Service provided to Customers that allows grouping of rate components to meet a Customer's specific needs.

IP – Internet Protocol - used for communicating data across a packet-switched network by delivering distinguished protocol datagrams (packets) from the source host to the destination host solely based on their addresses.

(N)
|
(N)

Kbps: Kilobits per second, denotes thousands of bits per second.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Local Interconnection Trunking Service: A local circuit administration point, other than a cross-connect or an information outlet, that provides capability for routing and re-routing circuits.

Mbps: Megabits, denotes millions of bits per second.

Minimum Point of Presence ("MPOP"): The main telephone closet in the Customer's building.

Monthly Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

SECTION 1 – DEFINITIONS, (CONT'D.)

Numbering Plan Area ("NPA"): Area code.

Off-Net: A means for carrying traffic to or from the Customer's premises, where the Company leases Other Company's facilities to deliver traffic to Customer location. (Off-Net traffic consists of all traffic that is not considered to be On-Net traffic.)

On-Net: A means for carrying traffic to or from the Customer's premises, where the Company connects to the MPOP in a Customer building or on a Customer's premises using only Company-owned fiber. On-Net traffic is delivered to Customer exclusively over facilities of the Company.

Point of Presence ("POP"): A physical point within a LATA at which a telephone company terminates Customer circuits.

Premises: A building or buildings on contiguous property.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

Service Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Session Initiation Protocol (SIP) - a signaling communications protocol, widely used for controlling multimedia communication sessions such as voice and video calls over Internet Protocol (IP) networks. (N)
(N)

Special Construction: Service configurations specifically designed and constructed at a Customer's request.

Traditional Operator Services: Traditional Operator Services are those services provided by the carrier in which the end user has a Customer relationship with the carrier, contracts with the Customer/end user to provide the services, and the Customer/end user pays for the actual processing of the operator assisted calls.

Usage-Based Charges: Charges for minutes or messages traversing over local exchange facilities.

SECTION 2 - REGULATIONS, (CONT'D.)

2.24 Additional Rules Relating to Resale of Service

All local voice services provided by the Company are intended for retail End User purposes only. The Company does not support any Customer's resale of local services to another end user that has not contracted with the Company. Unless otherwise agreed upon in writing by the Company, Customers must abide by the following requirements when purchasing any local services:

- 2.24.1 Customer must use Company- owned telephone numbers or numbers that are officially ported to the Company in connection with the Services.
- 2.24.2 The Company does not support the inclusion of individual names and/or locations for each telephone number used in connection with the Services for Emergency 911 purposes. Customer must utilize *PS/ALI (Private Switch/Automatic Line Identifier) software to support each individual location for each ANI (Automatic Number Identification) transmitted by the Company to the applicable Emergency 911 PSAP (Public Safety Answering Position). The Company does not provide PS/ALI software.
- 2.24.3 The Company does not support CARE record information for each of Customer's end users and Customer must choose a single primary interexchange carrier for Customer and all of its end users. The Customer and all of its end users must utilize the same interexchange carrier.
- 2.24.4 The Company does not support the populating of the individual end user's caller name for Caller ID purposes. Only one Caller Name will be supported for each Billing Telephone Number provided to the Customer for the services purchased.
- 2.24.5 The Company does not support individual directory listings for each of the Customer's end users. Customers may only purchase directory listings that are representative of their own business name.
- 2.24.6 The Company will bill only Customer for both Customer's and its end users use of the Services. Usage may be detailed by Billing Telephone Number (BTN), but the Company will not bill Customer's end users for the Services nor does the Company provide billing media to assist Customer in billing its end users.
- 2.24.7 The Company does not offer GR303 protocol in connection with the Services.
- 2.24.8 The Company will accept trouble reports only from Customer or a Customer provided contact. Customer's end users contacting the Company will be referred back to Customer for trouble ticket management.
- 2.24.9 Customer agrees that all Services purchased hereunder will be subject to taxes, fees, surcharges and assessments based on Customer's use of the Services as an end user.

*PS/ALI software cannot be used with Converged Voice Services, FlexVoiceSM Services, SIP Trunking Service and Remote Telephone Numbers (RTNs).

Customer Notice and Affidavit

tw telecom is upgrading our voice technology to the newer FlexVoiceSM platform. FlexVoiceSM is based on the latest equipment and communications technology available. It allows you to fully integrate your voice services (Analog Lines, PRI, Digital Trunks) with long distance and voice features--- all on a single connection. Due to the new FlexVoiceSM upgrade, we will no longer offer IP Trunks, Business Lines & Terminals and Analog Trunks to new customers, and effective August 30, 2013, certain restrictions will apply to your continued use of these services.

You will be able to renew and make changes to your existing service, although, you will not be able to move the service to another location or purchase more of these services. If you would like to speak with us about the new FlexVoiceSM platform, please contact the tw telecom Customer Care group at (800) 829-0420, ext. 2.
