

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of The)
Dayton Power and Light Company for) Case No. 13-2420-EL-UNC
Authority to Transfer or Sell its)
Generation Assets.)

MOTION TO INTERVENE

BY

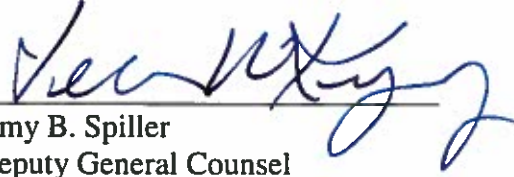

DUKE ENERGY COMMERCIAL ASSET MANAGEMENT, INC.

Now comes Duke Energy Commercial Asset Management, Inc. (DECAM), and moves to intervene, as a full party of record, in the above-captioned proceeding, pursuant to R.C. 4903.221 and O.A.C. 4901-1-11. The issues in this proceeding relate to the approval, by the Public Utilities Commission of Ohio (Commission), of the transfer or sale of all of the generation assets of The Dayton Power and Light Company. The resolution of issues in this proceeding will directly impact the ability of suppliers to compete in the wholesale market. DECAM, as an active participant in auctions to supply power to customer of Ohio utilities, has a real and substantial interest in this proceeding that is not adequately represented by existing parties.

Wherefore, for the reasons more fully set forth in the attached memorandum in support, DECAM respectfully requests that the Commission grant this motion to intervene.

Respectfully submitted,

DUKE ENERGY COMMERCIAL ASSET
MANAGEMENT, INC.

Memorandum in Support

R.C. 4903.221(B) sets forth several criteria that the Commission is required to consider in ruling on applications to intervene. Those criteria are listed as follows:

- (1) The nature and extent of the prospective intervenor's interest;
- (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case;
- (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings;
- (4) Whether the prospective intervenor will significantly contribute to full development and equitable resolution of the factual issues.

The Commission has, itself, added additional detail to the intervention requirements through the promulgation of O.A.C. 4901-1-11. That rule, in section (A), requires that the Commission allow intervention by a person who has a "real and substantial interest in the proceeding" and who "is so situated that the disposition of the proceeding may . . . impair or impede [its] ability to protect that interest, unless the person's interest is adequately represented by existing parties." The rule goes on to list several factors that the Commission is required to consider in determining whether a potential intervenor meets that standard:

- (1) The nature and extent of the prospective intervenor's interest.
- (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case.
- (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings.
- (4) Whether the prospective intervenor will significantly contribute to full development and equitable resolution of the factual issues.
- (5) The extent to which the person's interest is represented by existing parties.

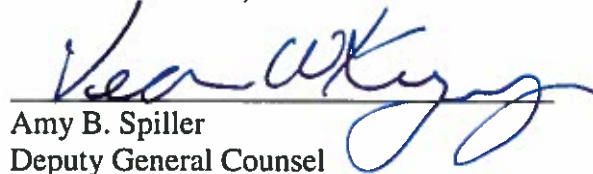

DECAM is the owner and operator of approximately 3,000 MW of gas-fired generation assets, located predominantly in the PJM-market footprint. DECAM is authorized by the Federal Energy Regulatory Commission to sell energy, capacity, and related products at wholesale.

DECAM is also a wholesale auction participant, competing to provide full-service requirements and other products in response to wholesale auction solicitations. DECAM's business will be impacted by the determination of the terms of any transfer of the generation assets of The Dayton Power and Light Company. Thus, DECAM has a real and substantial interest in the proceeding that is directly related to the merits of the case.

Intervention by DECAM will not unduly prolong or delay this proceeding as no intervention deadline has yet been set and no substantive application for authorization has yet been filed. Indeed, this motion is filed prior to the only deadline established in the case – that for the filing of comments. DECAM would also respectfully suggest that its intervention will significantly contribute to the full development and equitable resolution of the factual issues, based on its experience in the marketplace and understanding of competitive needs in general. Its interests are not represented by existing parties.

DECAM therefore respectfully requests that the Commission grant its motion to intervene and that it be made a full party of record.

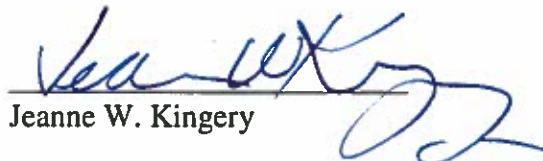

Respectfully submitted,
DUKE ENERGY COMMERCIAL ASSET
MANAGEMENT, INC.
