Re: Notification of updated Application Exhibit C, Case No. 13-2315-PL-ACE

Dear Ms. McCauly:

On November 27, 2013, NRG Ohio Pipeline Company LLC ("NRG Pipeline") filed its Application to the Public Utilities Commission of Ohio pursuant to Ohio Revised Code Sections 4905.02, 4905.03(F), and 4905.63 for authority to operate an intrastate pipeline company in the State of Ohio.

Application Exhibit C identifies key personnel of NRG Pipeline in order to demonstrate that NRG Pipeline has the requisite technical and managerial capability to operate the type of natural gas transmission system described in the Application. Attached to this letter is an updated Exhibit C, reflecting a recent change in personnel, to be included in NRG Pipeline's Application. As this updated version of Exhibit C demonstrates, NRG Pipeline continues to have the requisite technical and managerial capability to operate the type of natural gas transmission system described in the Application.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield

cc: Christine Pirik

EXHIBIT C

Technical and Managerial Experience

Jim Dauer, Director of Natural Gas, NRG Energy, Inc.

Mr. Dauer is the Director of Natural Gas at NRG Power Marketing, LLC, the commercial operations subsidiary of NRG Energy, Inc. Mr. Dauer is responsible for supplying NRG's 30,000+ MW of gas-fueled generation in New York, New England, PJM, ERCOT, MISO, and California. Along with his staff, Mr. Dauer manages transport and storage integral to providing the flexibility required to supply NRG's diverse gas-fueled portfolio. Mr. Dauer has held this position since October, 2003. Previously, he served as a senior trader on the gas desk for NRG.

Donell (Doni) Murphy, Partner and Certified Project Manager, ERM

Doni Murphy is a Partner and Certified Project Manager with Environmental Resources Management ("ERM"). ERM has been retained by NRG to conduct the necessary surveys for the pipeline project and prepare the various environmental permit applications. Ms. Murphy has more than 13 years of experience and specializes in linear corridor and right-of-way assessment, siting, state licensing, permitting, and acquisition. Ms. Murphy has managed or assisted in the routing and permitting of almost 2,000 miles of linear electric or gas transmission facilities. Ms. Murphy has a B.S. in Forest Biology from Colorado State University.

Salvatore Caiazzo, PE, Hanover Engineering Associates, Inc.

Salvatore Caiazzo is an engineer and project manager with Hanover Engineering Associates, Inc. ("Hanover"). Mr. Caiazzo has experience in projects involving natural gas midstream, municipal, private development, and watershed clients. Specifically, Mr. Caiazzo has provided engineering and client management for the design and permitting of natural gas pipeline and compressor projects, including over 300 miles of pipeline and over 30 compressors. Mr. Caiazzo has a Bachelor of Science degree from Lafayette College. Hanover has been retained by NRG to assist with the engineering and design of the pipeline.

Joel Moore, PE, Engineer, Project Manager, Integrity Engineering PLLC

Joel Moore is a Professional Engineer and Project Manager with Integrity Engineering PLLC ("Integrity"). Mr. Moore has 23 years of experience in the natural gas industry, including all aspects of engineering, design, construction, operation, and maintenance of facilities from the well head to the end user. Mr. Moore has a Bachelor's degree in Mechanical Engineering from the Rochester Institute of Technology. Integrity will work with Hanover to optimize the pipeline route and assist with the pipeline engineering and design work.

In addition to the personnel identified above, NRG Pipeline will issue a bid solicitation to retain a qualified and experienced company to support operation and maintenance of the pipeline. NRG Pipeline will file with the Commission the name of the company it selects.
