COMMENTS: I would like to say that your department is a complete, pro-lobbyist fraud paid for by the Ohio taxpayers. You are 13-0 on placing the citizens that fund you as human guinea pigs under wind turbines. You approved Buckeye Wind 1 and 2 in Champaign County with structural setbacks of 919 feet. Are you kidding me? Who's interest does this serve? My property and my freedoms as an Ohio resident or the foreign-venture capitalist company known as Everpower. You all are appalling and the exact epitome of what is wrong in politics. Yet another example of a tax payer established department to serve the people only to truly serve wealthy-special-interest at our expense. Just realize that this is the chaos you are leaving your children and mine. Do your job and serve the state of Ohio, not the highest bidder. Your department disgusts me. You can now move on to serving the lobbyist because I know you won't support me or any other Ohioan.
