Belle Center, Ohio 43310

Mr. Swonguer,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the proposed Scioto Ridge Wind Farm and associated transmission line and substation projects. Your correspondence in opposition to the project will be docketed in the public comments for case numbers 13-1177-EL-BGN, 13-1767-EL-BTX, and 13-1768-EL-BTX.

The OPSB voted today to certify the Scioto Ridge Wind Farm. Formal parties to the case will have 30 days to petition the Board for rehearing.

If you have any additional questions or concerns, please contact the OPSB at (866) 270-6772. Again, thank you for your interest in this case.

Sincerely,

Steve

COMMENT DESCRIPTION:

My wife and I are opposed to the wind farm request being consider for Logan County. The cost to the taxpayer would be huge. Does anyone do a cost justification on these projects? There are some of the most expensive homes in the county around Indian Lake and we pay higher taxes because of the lake. I hope someone considers nature, the environment and current cost as well as long term effect when they look at this request. Thanks Marvin Swonguer

COMMENT DESCRIPTION:

I'am opposed to the wind turbines being located close to Indian Lake because of the danger to wild life and the environment. We have many migratory birds and other wild life in the area where I live on Long Island. I have pictures of bald eagles, pileated wood peckers and many other species right in my yard. The large concrete bases for the turbines will be with use till the end of time. The cost to the taxpayer to build this wind farm will

be huge. Destruction to our roads and bridges and loss of property value, who knows this cost? Does anyone do a cost justification on these projects? I hope someone considers nature, the environment and cost when we approve these projects. Thank, Marvin Swonguer
