

Case Number: 14-0487-EL-REN

A. Generating Facility

Name of Renewable Generating Facility: 7296 East Bend Road, Burlington, Kentucky 41005 *The name specified will appear on the facility's certificate of eligibility issued by the Public Utilities Commission of Ohio.*

Facility Location Street Address: 7296 East Bend Road City: Burlington State: KY County: Boone Zip Code: 41005

 Facility Latitude and Longitude

 Latitude: 38 degrees 59' 33.92" N
 Longitude: 84 degrees 45' 11.96" W

 There are internet mapping tools available to determine the latitude and longitude, if you do not have this information.

If applicable, U.S. Department of Energy, Energy Information Administration Form EIA-860 Plant Name and Plant Code.

EIA-860 Plant Name: not applicable EIA Plant Code: not applicable

B. Legal Name of the Facility Owner

Please note that the facility owner name listed will be the name that appears on the certificate. The address provided in this section is where the certificate will be sent. If the facility has multiple owners, please provide the following information for each on additional sheets.

Legal Name of the Facility Owner: Damian Shane Pelster Legal Name of Facility Owner Representative: Damian Pelster Title: Damian Pelster Organization: Street Address: 7296 East Bend Road City: Burlington State: KY Zip Code: 41005 Phone: 8592405281 Fax: Email Address: lectrifyme@gmail.com Web Site Address (if applicable): none

C. List the name, address, telephone number and web site address under which the Applicant will do business in Ohio

Legal Name of Facility Owner Representative: Damian Shane Pelster Title: Damian Pelster Organization: none Street Address: 7296 east bend road City: Burlington State: KY Zip Code: 41005 Phone: 8592405281 Fax: Email Address: lectrifyme@gmail.com Web Site Address (if applicable): none

D. Name of Generation Facility Operating Company

Name of Generation Facility Operating Company: Damian Pelster Legal Name of Contact Person: Damian Shane Pelster Title: Damian Pelster Organization: none Street Address: 7296 east bend road City: Burlington State: KY Zip Code: 41005 Phone: 8592405281 Fax: Email Address: lectrifyme@gmail.com Web Site Address (if applicable): none

E. Regulatory/Emergency Contact

Legal Name of Contact Person: Damian Shane Pelster Title: Mr. Organization: none Street Address: 7296 east bend road City: Burlington State: KY Zip Code: 41005 Phone: 8592405281 Fax: Email Address: lectrifyme@gmail.com Web Site Address (if applicable): none

F. Certification Criteria 1: Deliverability of the Generation into Ohio

Ohio Revised Code (ORC) Sec. 4928.64(B)(3)

The facility must have an interconnection with an electric utility.

Check which of the following applies to the facility's location:

No The facility is located in Ohio.

Yes The facility is located in a state geographically contiguous to Ohio (IN, KY, MI, PA, WV).

<u>No</u> The facility is located in the following state:

(If the renewable energy resource generation facility is not located in Ohio, Indiana, Kentucky, Michigan, Pennsylvania, or West Virginia, you are required to submit a POWER FLOW study by one of the regional transmission organizations (RTO) operating in Ohio, either PJM or Midwest ISO, demonstrating that the power from the facility is physically deliverable into the state of Ohio. This study must be appended to the application as an exhibit. THE FACILITY MUST BE INTERCONNECTED TO TRANSMISSION LINES. FOR ADDITIONAL INFORMATION ON DELIVERABILITY REQUIREMENTS, PLASE REFER TO THE COMMISSION FINDING & ORDER of 3/23/11 IN CASE NO. 09-555-EL-REN.)

G. Certification Criteria 2: Qualified Resource or Technology

You should provide information for only one resource or technology on this application; please check and/or fill out only one of the sections below. If you are applying for more than one resource or technology, you will need to complete a separate application for each resource or technology.

G.1. For the resource or technology you identify in Sections G.4 - G.13 below, please provide a written description of the system.

Three separate arrays at same residence. System one is 45 evergreen 205 watt panels for a total of 9225 watts, mated to a sunnyboy sb8000 inverter. It is single axis adjustable.

System two is 33 suntech 295 watt panels for a total of 9735 watts, mated to a sunnyboy sb8000 inverter. It is installed at a fixed position of 12 degrees.

System three is 21 trina 290 watt panels, one of which is not electrically connected to the array due to design considerations. The total array wattage in use is 5900 watts, mated to a sunnyboy sb5000us inverter. Total aggregate system wattage is 24,760.

G.2. Please include a detailed description of how the output of the facility is going to be measured and verified, including the configuration of the meter(s) and the meter type(s).

The output of all three inverters feed through an EKM omnimeter v3 revenue grade meter with digital display. The meter was installed on Saturday, March 22nd 2014, and was new out of the box from the distributor. One attached photo below shows the total kilowatt hour screen displayed on the face of the meter at the time of installation. The output then travels to the netmeter that was installed at the time of interconnection to Owen Electric Cooperative's grid. There is a picture of that meter included with this application as well. I would like to manually report my production based on the total kw hours produced as shown on the revenue grade meter display.

G.3. Please submit digital photographs that depict an accurate characterization of the renewable generating facility. Please indicate the date(s) the photographs were taken. For existing facilities, these photographs must be submitted for your application to be reviewed. For proposed facilities or those under construction, photographs will be required to be filed within 30 days of the on-line date of the facility.

March 27, 2014

March 27, 2014

March 27, 2014

The Applicant is applying for certification in Ohio for a facility using one of the following qualified resources or technologies (Sec. 4928.01 ORC):

G.4 SOLAR PHOTOVOLTAIC G.4a Location of the PV Array: Ground Description:

G.4b Total number of Modules: 98

G.4.1 PV Modules
For each PV module, provide the following information:
G.4.1.a Manufacturer: evergreen, suntech, trina
G.4.1.b Model and Rating: (45) es-a 205, (33) stp295-24/vd, (20) tsm290-pa14

H. Certification Criteria 3: Placed-in-Service Date (Sec. 4928.64. (A)(1) O.R.C.)

The Renewable Energy Facility:

- No has a placed-in-service date before January 1, 1998; Date:
- Yes has a placed-in-service date on or after January 1, 1998; Date: <u>6/8/12</u>
- <u>No</u> has been modified or retrofitted on or after January 1, 1998; Date:

Please provide a detailed description of the modifications or retrofits made to the facility that rendered it eligible for consideration as a qualified renewable energy resource. In your description, please include the date of initial operation and the date of modification or retrofit to use a qualified renewable resource. Please include this description as an exhibit attached to your application filing and identify the subject matter in the heading of the exhibit.

<u>No</u> Not yet online; projected in-service date:

H.1 Is the renewable energy facility owner a mercantile customer? No

ORC Sec. 4928.01 (19) "Mercantile customer" means a commercial or industrial customer if the electricity consumed is for nonresidential use and the customer consumes more than seven hundred thousand kilowatt hours per year or is part of a national account involving multiple facilities in one or more states.

Has the mercantile customer facility owner committed to integrate the resource under the provisions of Rule 4901:1-39-08 O.A.C? No

If yes, please insert/submit a copy of your approved application as an exhibit to this filing.

I. Facility Information

I.a The nameplate capacity of the entire facility kilowatts (kW): 24.76 (megawatts (MW): 0.02476)

I.b If applicable, what is the expected heat rate of resource used per kWh of net generation: BTU/kWh

I.1 For each generating unit, provide the following information:

| Unit In-Service | Unit Nameplate | Projected Gross | Expected Annual | Number of |
|-----------------|----------------------|------------------------|-------------------|------------------|
| Date | Capacity (MW) | Annual Generation | Capacity Factor % | Generating Units |
| 6/8/12 | 0.02476 | 30 | 13.8 | 1 |
| | Consolts Easter 04 - | eration v 100 | | |
| | Capacity Factor % - | = Nameplate Capacity > | < 8,760 | |

J. Regional Transmission Organization Information

In which Regional Transmission Organization area is your facility located:

Yes Within Geographic Area of PJM Interconnection, L.L.C.

No Within Geographic Area of Midwest ISO

<u>No</u> Other (specify):

K. Attribute Tracking System Information

Are you currently registered with an attribute tracking system: No

In which attribute tracking system are you currently registered or in which do you intend to register (*the tracking system you identify will be the system the PUCO contacts with your eligibility certification*):

Yes GATS (Generation Attribute Tracking System)

<u>No</u> M-RETS (Midwest Renewable Energy Tracking System)

Other (specify):

K.1 Enter the generation ID number you have been assigned by the tracking system: (*If the generation ID number has not yet been assigned, you will need to file this number in the PUCO Case Docket within 15 days of the facility receiving this number from the tracking system*).

K.2 Has any of the generation of the facility been tracked as RECS that have been sold or otherwise consumed? No

L. Other State Certification

Is the facility certified by another state as an eligible generating resource to meet the renewable portfolio standards of that state? <u>No</u>

L.1 If yes, for each state, provide the following information:

| | State Certification | State Certification | Certification Date |
|---------------|---------------------|---------------------|---------------------------|
| Name of State | <u>Agency</u> | <u>Number</u> | Issued |

M. Type of Generating Facility

Please check all of the following that apply to the facility:

- No Utility Generating Facility:
- No Investor Owned Utility
- No Rural Electric Cooperative
- No Municipal System
- <u>No</u> Electric Services Company (competitive retail electric service provider certified by the PUCO)
- Yes Distributed Generation with a net metering and interconnection agreement with a utility. Identify the Utility: <u>Owen Electric Cooperative</u>
- <u>No</u> Distributed Generation with both on-site use and wholesale sales. Identify the Utility:
- <u>No</u> Distributed Generation, interconnected without net metering. Identify the Utility:

N. Meter Specifications

Metering Requirements

1. If the renewable energy resource generating facility is 6 kW or below, the output may be measured with either an inverter meter or a utility grade meter.

2. All facilities that are larger than 6 kW must measure the output of the facility with a utility grade meter. Facilities that are larger than 6 kW and that are not measuring output with a utility grade meter will not be certified. OAC 4901:1-40-04 (D)(1)

3. Please only report on the meter or the meters used to measure the output from the facility which will be reported to the attribute tracking system.

N.a The meter(s) that are measuring output from the facility are:

No Inverter Meter(s)

<u>Yes</u> Utility Grade Meter(s) (Must meet ANSI 12.1, or demonstrate an accuracy level of $\pm 2\%$)

N.1 Please provide the following information for each meter used in your system.

N.1.a Manufacturer: EKM meters

N.1.b Serial Number: 14975

N.1.c Type: revenue grade utility meter (omnimeter iv.3)

N.1.d Date of Last Certification: January 06, 2014

Attach a photograph of the meter(s) with date image taken. The meter reading(s) must be clearly visible in the photograph.

N.1.e Report the total meter reading number at the time the photograph was taken and specify the appropriate unit of generation (e.g., kWh): 1kWh

3/27/2014 12:00:00AM

Ohio Public Utilities Commission

Affidavit for Application for Certification as an Eligible Ohio Renewable Energy Resource Generating Facility

<u>Please be advised that all applicant's contact information, including address and telephone number, will be made</u> <u>public and is not subject to confidential treatment</u>. Additionally, any information pertaining to trade secrets contained within the application will be made public <u>unless filed under seal with a motion for protective order</u>, <u>pursuant to Rule</u> <u>4901-1-24 of the Ohio Administrative Code</u>.

Case Number: 14-0487-EL-REN

Facility Name: 7296 east bend road, burlington, kentucky 41005

Name of person making this affidavit: Damian Shane Pelster

State of <u>KY</u> County of <u>Boone</u>

The undersigned, being duly sworn according to law, deposes and says that:

- 1. I am authorized to and do hereby make this affidavit on behalf of the Applicant,
- All facts and statements made in the application for certification, including all attachments and supplemental information or filings, are true and complete to the best of my knowledge, information, and belief,
- 3. The facility has obtained or will obtain and will maintain all required local, state, and federal environmental permits,
- I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Mr.

Signature of Affiant & Title Sworn and subscribed before me this 28 day of March
