Re: Greenwich Windpark, Case No. 13-0990-EL-BGN

Mr. & Mrs. Keysor,

Thank you for contacting the Ohio Power Siting Board regarding the proposed Greenwich Windpark. It is noted that you are in support of the project. Your comments will be filed in the docket for case number 13-0990-EL-BGN

The Board's Staff is currently conducting its investigation in this case and will publish a report making various recommendations to the Board members.

The Board will hold a local public hearing on May 6, 2014 at 6 p.m. at South Central High School, 3305 Greenwich Angling Road, to gather sworn testimony before making its decision at a later date. I have attached a fact sheet that explains how you may participate in the power siting process.

If you have any additional questions or concerns, please contact my office (866) 270-6772. Again, thank you for your interest in this case.

Very truly yours,

Kim Wissman, Executive Director  
Ohio Power Siting Board

180 East Broad Street  
Columbus, OH 43215

Case No.: 13-0990-EL-BGN, Greenwich Windpark, Huron County

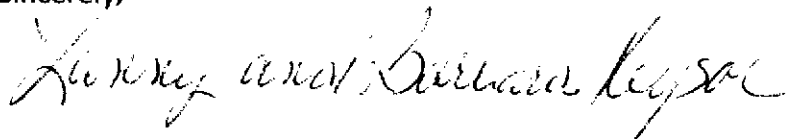

To Whom It May Concern:

We are writing this letter to support approval of the proposed Greenwich Windpark in Huron County, Ohio. This project will be a valuable step towards the production of clean energy in Ohio.

Huron County — specifically, the Greenwich community — would benefit greatly from the economic development this project would provide. The Greenwich Windpark project would result in a positive economic benefit to the local community, including the creation of new jobs, tax funding for local public schools, as well increase local spending. This project will also provide taxes to local governments and confer land lease payments to participating land owners.

Please feel free to contact us with further questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lanny and Barbara Keysor".

Lanny and Barbara Keysor
