Greenwich Windpark, Huron County

To Whom It May Concern:

We support the Greenwich Windpark as a new source of renewable energy for the State of Ohio.

The Greenwich Windpark would be good for our local economy – it will create jobs during construction, as well as a handful of skilled permanent jobs once operational. Furthermore, the wind farm will contribute much needed tax dollars to the local community annually. This project is a way to diversify our local economy.

For jobs, the environment, and our future, please add our vote in support of this project.

Sincerely,

Benjamin and Naomi Leinbach
