Re: Greenwich Windpark, Case No. 13-0990-EL-BGN

Mr. & Mrs. Calame,

Thank you for contacting the Ohio Power Siting Board regarding the proposed Greenwich Windpark. It is noted that you are in support of the project. Your comments will be filed in the docket for case number 13-0990-EL-BGN

The Board's Staff is currently conducting its investigation in this case and will publish a report making various recommendations to the Board members.

The Board will hold a local public hearing on May 6, 2014 at 6 p.m. at South Central High School, 3305 Greenwich Angling Road, to gather sworn testimony before making its decision at a later date. I have attached a fact sheet that explains how you may participate in the power siting process.

If you have any additional questions or concerns, please contact my office (866) 270-6772. Again, thank you for your interest in this case.

Very truly yours,

Kim Wissman, Executive Director  
Ohio Power Siting Board

Ohio Public Utilities Commission  
180 East Broad Street  
Columbus, OH 43215

Case No.: 13-0990-EL-BGN – Greenwich Windpark, Huron County

To Whom It May Concern:

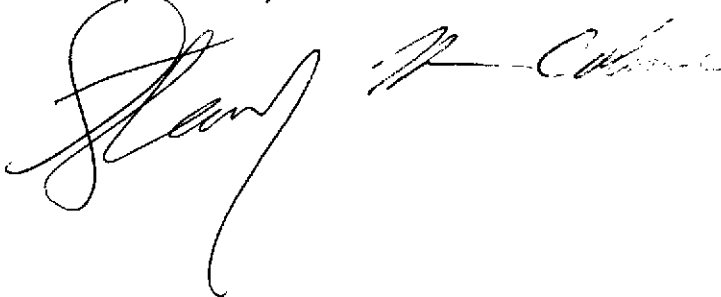

We support the Greenwich Windpark as a new source of renewable energy for the State of Ohio.

The Greenwich Windpark would be good for our local economy – it will create jobs during construction, as well as a handful of skilled permanent jobs once operational. Furthermore, the wind farm will contribute much needed tax dollars to the local community annually. This project is a way to diversify our local economy.

For jobs, the environment, and our future, please add our vote in support of this project.

Sincerely,

Stacey and Henry Calame

The block contains two handwritten signatures in black ink. The signature on the left is a large, stylized cursive 'H' followed by a long, sweeping tail that extends downwards and to the left. The signature on the right is a smaller, more compact cursive signature, likely 'Stacey', written in a similar style.
