NextEra Energy Services Ohio, LLC  
Public Version of Annual Energy Resources Report for Calendar Year 2013

Dear Ms. McNeal:

On behalf of NextEra Energy Services Ohio, LLC, I am submitting a public version of its Annual Energy Resources Report for Calendar Year 2013. This report contains confidential and proprietary information and portions of it have been redacted. A motion for protective order is also being filed today and three copies of the confidential version are being submitted under seal.

In its October 23, 2013 Opinion and Order in Case Nos. 11-2363-EL-ACP and 12-1285-EL-ACP, the Commission adopted a Stipulation signed by the Staff and NextEra which was filed on August 23, 2013.

The Stipulation provided that as an alternative to assigning a compliance payment for the 2011 compliance year, the Commission should require that the shortfalls detailed on Exhibit 1 to the 2011 Staff Report in Case No. 12-1285 be rolled forward to the 2013 compliance year. The Stipulation also provided that NextEra would be precluded from raising the cost provision contained in Section 4928.64(C)(3), Revised Code as pertaining to its adjusted AEPS obligations for the 2013 compliance year. The Stipulation also provided that REC's and S-REC's retired by the GATS reserve subaccount for the 2013 compliance year should first be applied to the specific 2010 and 2011 compliance shortfalls. A failure to retire an adequate volume of REC's and S-REC's to address prior deficiencies would result in the imposition of the appropriate proportion of compliance payments as detailed in the 2011 Staff Report in Case No. 12-1285.

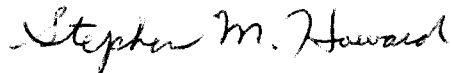

The Commission adopted the Stipulation and directed NextEra to take all necessary steps to carry out the terms of the Stipulation and the Commission's Opinion and

Thank you in advance for your consideration.

Sincerely yours,
