RE: Castle Wire, Inc. 90-9350-TP-TRF
In the Matter of the Commission's Investigation into Intrastate Carrier Access Reform,
Pursuant to Sub. S.B. 162, Case No. 10-2387-TP-COI

Dear Ms. McCauley:

Pursuant to the Public Utilities Commission of Ohio's Entry of March 26, 2014 in Case Number 10-2387-TP-COI, please accept this letter submitted on behalf of Castle Wire, Inc. affirming compliance with 47 C.F.R. §51.911, *inter alia*, requiring competitive local exchange carriers to set the intrastate terminating switched access rates no higher than the Carrier's corresponding interstate rates no later than July 1, 2014. The Company's current Ohio intrastate switched access rates mirror those of the underlying ILEC (AT&T), by reference to the ILEC's intrastate access tariff. Accordingly, when the ILEC revises its intrastate tariff in compliance with the third phase of the FCC-mandated access rate reductions, Castle Wire's rates will automatically mirror the ILEC's rate changes, in compliance with the requirements of PUCO Case Number 10-2387-TP-COI.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3031 or via email to sthomas@tminc.com. Thank you for your assistance in this matter.

Sincerely,

/s/ Sharon Thomas
