RE: Verizon Access Transmission Services: Tariff No. 2
Reduce Terminating Access Rates Pursuant to Federal Communications Commission
Connect America Fund Order (FCC 11-161)
PUCO Case No. 10-2387-TP-COI

Dear Ms. McNeal:

MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services ("Verizon Access") is filing with your office an original and ten (10) copies of revisions to its P.U.C.O. Tariff No. 2. The effective date of this filing is July 1, 2014, in accordance with the Federal Communications Commission's ("FCC") 2011 *Connect America Fund Order*, 26 FCC Rcd 17663, and Commission Entry dated March 26, 2014 in PUCO Case No. 10-2387-TP-COI.

The *Connect America Fund Order* requires that Verizon Access reduce its default terminating switched access rates – both interstate and intrastate – effective July 1, 2014, as part of a multi-step transition towards "bill and keep" rates. See, *Connect America Fund Order* at Figure 9, summarizing the steps in the transition. Competitive LECs ("CLECs") such as Verizon Access are subject to the FCC's "benchmarking rule" for their interstate access charges. Para. 807 of the *Connect America Fund Order* states:

For interstate switched access rates, competitive LECs are permitted to tariff interstate access charges at a level no higher than the tariffed rate for such services offered by the incumbent LEC serving the same geographic area (the benchmarking rule).

The *Connect America Fund Order* also adopted rule §51.911, which states in pertinent part:

(c) Effective July 1, 2013, notwithstanding any other provision of the Commission's rules, all Competitive Local Exchange Carrier Access Reciprocal Compensation rates for switched exchange access services subject to this subpart shall be no higher than the Access Reciprocal Compensation rates charged by the competing incumbent local exchange carrier, in accordance with the same procedures specified in §61.26 of this chapter.

The "benchmarking rule," FCC Rule 61.26, states:

c) The benchmark rate for a CLEC's switched exchange access services will be the rate charged for similar services by the competing ILEC. If an ILEC to which a CLEC benchmarks its rates, pursuant to this section, lowers the rate to which a CLEC benchmarks, the CLEC must revise its rates to the lower level within 15 days of the effective date of the lowered ILEC rate.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician DMT Date Processed MAY 01 2014

Letter to Ms. Barcy F. McNeal
April 30, 2014
Page 2

These requirements differ from those applicable to the incumbent LECs. Whereas the ILECs' access rates are calculated in accordance with prescriptive rules adopted by the FCC, the benchmark rule for CLECs is reactive, based on the competing ILEC's rates. The effect of this benchmark rule means that Verizon Access will not have the data necessary to calculate its new default terminating switched access rates until mid-June, when the ILECs file their interstate rates with the FCC.

For this reason and for administrative simplicity, Verizon Access' tariff amendments contained herein make express reference to its interstate tariff for terminating switched access rates. Verizon Access will revise its default terminating interstate rates in accordance with 47 C.F.R. 61.26 when the relevant ILEC rates become available, and at that time, the Verizon Access intrastate tariff will likewise reference those new rates.

Verizon Access's interstate rates are located in MCI metro Access Transmission Services LLC Tariff FCC No. 1, Section E.4.3, and may be viewed at the following web address:
<http://www.verizon.com/tariffs/PDFViewer.aspx?doc=169129>.

Please date stamp and return the extra copy of this letter to me in the enclosed self-addressed stamped envelope. If you have any questions regarding this filing, please call me at (312) 894-2349 or send me an email at shannon.brown@verizon.com.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Shannon L. Brown". The signature is fluid and cursive, with the first name being the most prominent.

Shannon L. Brown

Notes:

Section I and II are Pursuant to Chapter 4901:1-6 OAC.

Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.

Section IV – Attestation.

- (1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.
- (2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.
- (3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at www.puco.ohio.gov under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.
- (4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).
