Re: REN Case # 13-0256-EL-REN, Pettisville Local Schools

Dear Mr. Siegfried,

As previously disclosed, Pettisville Local Schools has decided to file an application with GATS instead of MRETS as originally listed in the Application.

The District has entered into a contract to sell 375 RECs (375,000 kWh)/year for a five (5) year period to a local business. This amount of RECs created in 2013 has already transferred to this other entity and we and the district will work with the PUCO and GATS to ensure that no double counting of these or future RECs occur.

Should you have any additional questions or needs, please do not hesitate to contact me.

Thank you in advance for your assistance with this issue.

Respectfully,

Krystal Naylor
Business Manager

KN
