**Re: Vectren Energy Delivery of Ohio, Inc.
OPSB Case No. 13-1651-GA-BTX**

Dear Ms. McNeal:

On March 17, 2014, the Ohio Power Siting Board ("Board") issued a Certificate of Environmental Compatibility and Public Need subject to a number of conditions.

Condition No. 17 of the Board's Order requires the following:

Vectren shall have a Staff-approved environmental specialist on site during construction activities that may affect sensitive areas, as mutually agreed upon between the Applicant and Staff, and as shown on the Applicant's final approved construction plan. Sensitive areas include, but are not limited to, areas of vegetation clearing, designated wetlands and streams, and locations of threatened or endangered species or their identified habitat. The environmental specialist shall be familiar with water quality protection issues and potential threatened or endangered species of plants and animals that may be encountered during project construction.

In compliance with Condition No. 17 of the Board's Opinion, Order, and Certificate, Vectren submitted the qualifications of Ms. Stahl of Utility Technologies International on April 10, 2014, and requested Staff to notify Applicant about the acceptability of Ms. Stahl as the environmental specialist. Ms. Stahl received verbal acceptance as the Staff-approved environmental specialist.

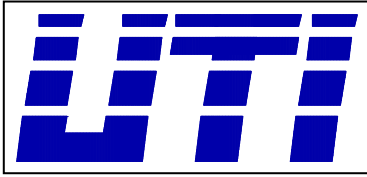

In addition, attached for filing is a memo from Ms. Stahl to the Board's Staff regarding tree clearing activities. Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield

MEMORANDUM

To: Ed Steele
From: Melinda Stahl
Date: May 23, 2014
Subject: Tree Clearing Activities: Vectren's Z-167 Relocation Project
OPSB # 13-1651-GA-BTX

Ed,

In compliance with Condition No. 17 of the Ohio Power Siting Board issued Opinion, Order and Certificate for Vectren Energy Delivery of Ohio's Z-167 Relocation Project, OPSB Case No. 13-1651-GA-BTX, and as verbally accepted as the Staff-approved environmental specialist for the Z-167 Relocation Project, I was on-site during the removal of the trees near the environmentally sensitive areas on May 20, 2014. No impacts to these environmentally sensitive areas were noted during these activities. Additionally, the temporary stream crossings were installed at stream numbers 4 and 5 and the stormwater controls were being installed throughout the Project. Please contact me if you have any questions or need additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'Melinda Stahl', written in a cursive style.

Melinda Stahl
