AFFIDAVIT
Compliance with Commission Rules

I am an officer/agent of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf.

Please Check ALL that apply:

☒ I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

☐ I attest that customer notices accompanying this filing form were sent to affected customers, as specified in Section II, in accordance with Rule 4901:1-6-7, Ohio Administrative Code.

I declare under penalty of perjury that the foregoing is true and correct.

Exhibit C – Amended 5.27.2014

AT&T Ohio hereby revises Part 2 Section 5 of its AT&T Ohio Tariff P.U.C.O. No. 20, to institute a special construction, “Engineering Work Preparation Fee.” This fee is intended to cover the costs borne by the Company in connection with preparing a work plan and quotation for customized, special construction work requested by the customer or needed in order to meet conditions imposed by the customer. This fee is applicable prior to preparation of an estimate for custom work requiring construction charges and will be applied regardless of whether or not the work is ultimately performed for the customer. The Engineering Work Preparation Fee is nonrefundable; however, should customers proceed with the custom work, the fee will be applied against the special construction charges. If work is determined not to be a custom work order after the field visit by the engineer, the fee will be refunded to the customer.

The \$500 fee is derived based on the fact that the average, simple, custom work order requires an average of four hours of an Engineer’s time to design and prepare. The loaded labor rate is approximately \$117 per hour. Thus, 4 hours at \$117 per hour is approximately \$500.

AT&T Ohio is implementing this fee in an effort to standardize and achieve consistency with the other AT&T states where the same \$500 upfront Engineering fee has been in place for a number of years.
