Reference Case #13-0990-EL-BGN  
Greenwich Windpark, Huron County

To Whom It May Concern:

We are writing this letter to express our continued support of the proposed Greenwich Windpark in Huron County, Ohio. This project will be a valuable step towards the production of clean energy in Ohio.

Huron County-specifically, the Greenwich community-would benefit greatly from the economic development this project would provide. The Greenwich Windpark project would result in a positive economic benefit to the Greenwich community, including the creation of new jobs, tax funding for the South Central Local School District as well increase local spending. This project will also provide taxes to local governments and confer land lease payments to participating land owners.

Thank you for your consideration.

Sincerely,

Robert C. Seidel, owner
