THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application)
for Establishment of a Reasonable)
Arrangement Between the Ohio Edison)
Company and V&M Star.) Case No. 09-80-EL-AEC

ENTRY

The Commission finds:

- (1) On January 29, 2009, V&M Star (V&M) filed an application to establish a reasonable arrangement with the Ohio Edison Company for electric service to its steel-producing facility located in Youngstown, Ohio. V&M requested that the Commission establish an arrangement or schedule for electric service, which will permit V&M to successfully expand its operation in Ohio.
- (2) On March 4, 2009, the Commission issued its Opinion and Order, approving, with certain modifications, a reasonable arrangement agreed to by V&M, OE, and the staff of the Commission as part of a stipulation entered into among these parties.
- (3) On March 23, 2009, pursuant to the Opinion and Order, V&M filed a March 18, 2009, executed contract under seal, as well as a redacted version for the public docket, for service to be provided under the reasonable arrangement.
- (4) On April 29, 2009, the Commission granted, in part, and denied, in part, an application for rehearing filed by the Ohio Consumers' Counsel. In the Entry on Rehearing, the Commission directed that the reasonable arrangement not become effective until the Commission received notice that the proposed expansion had been approved.
- (5) V&M filed a status report regarding its proposed expansion on February 16, 2011.
- (6) Subsequently, on March 24, 2014, V&M filed a request to withdraw its application for a reasonable arrangement.

- (7) The Commission finds that V&M's request to withdraw its application is reasonable and should be granted.

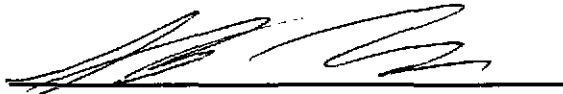

It is, therefore,

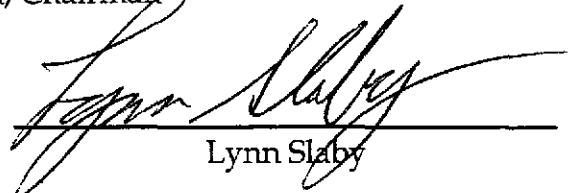

ORDERED, That V&M's request to withdraw its application be granted. It is, further,

ORDERED, That a copy of this Entry be served upon the applicant and all interested persons of record.
