

**BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO**

In the Matter of the Application of)	
Ohio Power Company to Adjust its)	Case No. 14-559-EL-ACP
2012 and 2013 Baselines for Compliance)	
With Section 4928.64, Revised Code)	

Correction to Findings and Recommendations of the PUCO Staff

The Staff Review and Recommendations filed in Case No. 14-559-EL-ACP on June 4, 2014 had the following Staff recommendations:

V. Staff Recommendations

Following its review of the information submitted in this proceeding and other relevant data, Staff recommends the following:

- (1) That the Company be allowed to adjust its 2012 baseline for economic development customers receiving discounts through the Company's EDR as well as customers that have a separate economic development arrangement with the Company.
- (2) That for its 2013 AEPS baseline the Company be allowed to adjust its baseline for economic development customers receiving discounts through the Company's EDR.

PUCO Staff has been informed by the Ohio Power Company (the Company) that the corrections the Company made in its exhibit A filed on June 3, 2014 reflect the fact that the Company is asking for the AEPS baseline for 2012 and 2013 to be adjusted only for customers receiving discounts through the Company's Economic Development Rider (EDR) and not for customers that have a separate economic development arrangement with the Company.

Staff finds the inclusion of only adjustments for economic development customers receiving discounts through the Company's EDR preferable due to Commission review and approval of EDR cases. Staff therefore believes that the Company's proposal not to include the additional customers that have separate economic development agreements is reasonable.

Therefore the Staff recommendations are thus revised:

V. Staff Recommendations

Following its review of the information submitted in this proceeding and other relevant data, Staff recommends the following:

- (1) That for its 2012 and 2013 AEPS baseline, the Company be allowed to adjust its baseline for economic development customers receiving discounts through the Company's EDR.
