Ms. Duffield,

Thank you for contacting the Ohio Power Siting Board regarding the proposed Greenwich Windpark in case number 13-0990-EL-BGN. This case remains pending before the Board. Your correspondence in opposition to the proposal will be docketed in the public comments section of the case record.

Before the Board makes a decision, it will consider the complete record in the case, including Windlab's application, the staff report, and the transcripts from the public and adjudicatory hearings. These documents, as well as an interactive map that indicates the location of each turbine, are available for you to view on Ohio Power Siting Board website.

If you would like to sign up to receive email notification of upcoming Board agendas and decisions, or if you have additional questions, please do not hesitate to contact me.

Sincerely,

Matt Butler
