In the Matter of the Uncollectible Expense Rider of Northeast Ohio Natural Gas Corporation

Case No. 14-0309-GA-UEX

ANNUAL UNCOLLECTIBLE EXPENSE RIDER REPORT AND APPLICATION FOR APPROVAL OF AN ADJUSTMENT TO UNCOLLECTIBLE EXPENSE RIDER RATE

Northeast Ohio Natural Gas Corporation ("Northeast") hereby submits its Annual Report for May 1, 2013 through May 31, 2014, plus the information required in Paragraph 12 of the Commission's Finding and Order Dated August 19, 2009 in Case No. 08-1229-GA-COI, *In the Matter of Five-Year Review of Natural Gas Company Uncollectible Riders* for calendar year 2012. Through this Application, Northeast respectfully requests the approval of the Public Utilities Commission of Ohio (the "Commission") to revise its Uncollectible Expense Rider ("UEX Rider") rate. In support of this Application, Northeast states the following:

1. In case No. 13-309-GA-UEX, the Commission approved Northeast's current UEX Rider rate of (\$0.0091) per Mcf.

2. Northeast's Annual Uncollectible Expense Report for calendar year 2013 ("Annual Report") is attached hereto as Attachment 1. Page 1 of the Annual Report shows actual uncollectible balances for January through December 2013. Northeast reports an Uncollectible Account balance of (\$63,136.94) on January 1, 2013. The ending balance is (\$34,312.06) as of December 31, 2013.

3. On page 2 of the Annual Report, the actual balances are shown for January 1, 2014 through May 31, 2014. Additionally, page 2 of the Annual Report shows estimated balances from June 1, 2014 through December 31, 2014.

4. On page 3 of the Annual Report, the estimated balances are shown from January 1, 2015 through May 31, 2015, which assumes no modification to Northeast's Application for the UEX Rider. The estimated balance of the UEX Rider is \$22,402.39 as of May 31, 2015.

5. Northeast believes it is appropriate and reasonable to consider the prospective application of the UEX Rider because it better matches expenses with recoveries. The Commission has found this procedure to be reasonable in applications for an adjustment in the UEX Rider rates of Columbia Gas of Ohio, Inc. in Case No. 10-578-GA-UEX, and Duke Energy Ohio in Case No. 10-726-GA-UEX.

6. Attachment 2 to the Application details the calculation showing the potential change in Northeast's UEX Rider rate based on its Actual Bad Debt Deferral as of May 31, 2014, Actual Volume from January 2014 through December 2014, the \$0.0025 recovery rate, estimated bad debt write-offs, and UEX Rider recoveries and sales volumes through December 2014. The revised UEX Rider rate proposed to be effective on and after August 1, 2014 is calculated to be \$0.0164 per Mcf, which is an increase of \$0.0255 per Mcf from the currently effective rate of (\$0.0091) per Mcf. Northeast's tariff provides, pursuant to the Commission's guidelines adopted in Case No. 03-1127-GA-UNC, that an annual adjustment in an Uncollectible Expense Rider rate is appropriate when the over or under collection balance would exceed plus/minus ten percent absent adjustment, which is the case in this instance.

7. Such a change is based on actual experience for the twelve (12) months ended May 2014 as adjusted for estimated uncollectible accruals and projected sales volumes through May 2015. For this reason, Northeast submits that the proposed increase from its currently effective UEX Rider rate of (\$0.0091) per Mcf to \$0.0164 per Mcf is appropriate.

11. Attachment 3 to the Application includes redlined and clean proposed revisions to Northeast's tariff reflecting the increased UEX Rider Rate proposed herein.

12. Northeast respectfully requests approval of the Application no later than August 1, 2014.

Respectfully submitted,
