COMMENT DESCRIPTION:

attn. case # 13-990-el-bgn to whom it may concern, I spoke to a party in your office and she suggested writing and giving my opinion on the Greenwich wind park. I am writing because we just learned of additional issues which may not have been raised at the public hearing on may,6 2014. Since our two farms adjoin property with turbines proposed we are requesting another public hearing before your final decision is made. We have concerns about health issues, wildlife, property values and the permanent destruction of property. Thank you for considering this request, I think the citizens of the Greenwich area would appreciate more facts from the state and not just the wind park. thanks Glaster and Alva Risner
