Motion for protective order included with filing? ☐ Yes ☒ No

Motion for waiver(s) filed affecting this case? ☐ Yes ☒ No [Note: Waivers may toll any automatic timeframe.]

Notes:

Section I and II are Pursuant to Chapter [4901:1-6](#) OAC.

Section III – Carrier to Carrier is Pursuant to [4901:1-7](#) OAC, and Wireless is Pursuant to [4901:1-6-24](#) OAC.

Section IV – Attestation.

(1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

(2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.

(3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at www.puco.ohio.gov under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.

(4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Make such filing electronically as directed in Case No 06-900-AU-WVR

Exhibit A

Current Tariff Sheets

SECTION 3. RATE SCHEDULE

3.1 General

This section includes all charges for telecommunications service provided by the Company, other than those charges covered under a special contract between a subscriber and the Company; and directory advertising charges. In addition the Company will add applicable Federal excise and sales taxes to each monthly bill as a separate charge.

3.2 Local Exchange Telephone Service

3.21 Rate Applicability

These rates apply to all subscribers of the Company located in the respective exchanges and zones.

This rate only covers the provision of network access to a local customer location. All terminal equipment (including the main station) is provided at additional rates as specified elsewhere in this Tariff.

3.22 Basic Service Rates

The rates provided below are monthly rates and entitle a customer to local messages to all stations in the following exchanges.

a. Urbana Exchange to:

Urbana Exchange
Terre Haute Exchange
Woodstock Exchange
St. Paris Exchange

b. Terre Haute Exchange to:

Terre Haute Exchange
Urbana Exchange

3.2 Local Exchange Telephone Service (Continued)

Rates for Business and residence lines and PBX Trunks can be found in the company's catalog located at www.ctcn.net.

3.221 Urbana Exchange Base Rate Area

Within the "Urbana Base Rate Area" only as defined in the map shown in Section 1.13.

<u>Business</u>	Current Monthly Rate	Maximum Monthly Rate	
Individual line	\$26.46	\$26.46	(C)
<u>Residence</u>	Current Monthly Rate	Maximum Monthly Rate

3.23 Discounts: Schools and Libraries

Pursuant to PUCO Case No. 97-632-TP-ATA and FCC Docket No. 96-45, FCC 97-157 (Universal Service Order), schools and libraries may be eligible for reduced rates funded by the federal universal service fund.

EXHIBIT C

Description of the Changes

In this Application, the Champaign Telephone Company requests BLES pricing flexibility to increase its residential and business local rate by \$1.25 per month in its Urbana, Kingscreek and Terre Haute exchanges. (The maximum local rate for business lines will increase; however, the company does not plan to implement the increase at this time.) This flexibility is needed to meet the Universal Service Fund “urban rate floor” set forth in the FCC’s USF/ICC Transformation Order (FCC 11-161).

Effective July 1, 2012, incumbent local exchange carriers receiving Federal high-cost support had that support reduced if their residential basic local rates were less than \$10.00 per month. Effective July 1, 2013, the threshold will be increased to \$14.00 and will remain in effect until January 1, 2015. On January 2, 2015, the threshold will increase to \$16.00 and on July 1, 2016, the rate floor will increase to \$18.00. Beginning July 1, 2017, the rate floor will be set at \$20.00.

Champaign’s current monthly residential rate ranges from \$13.46 to \$17.15 for the Urbana exchange, \$13.46 to \$13.92 for the Kingscreek exchange and \$13.27 to \$15.77 for the Terre Haute exchange. BLES pricing flexibility will make it less likely that Champaign will experience a reduction in Federal high-cost support in 2014 and future years.

Champaign currently serves 3,426 residential customers. Champaign does not plan to increase any other rates at this time.

EXHIBIT D

Customer Notice and Affidavit

The following customer notice will appear on the bills that are mailed to customers on August 1, 2014. This notice will also be sent to the Office of Ohio Consumers' Counsel and to the Commission's electronic mailbox (Telecomm-Rule07@puc.state.oh.us) no less than thirty days prior to the rate increase.

Effective September 1, 2014, our local telephone rate for residential customers will increase by \$1.25 per month as listed in the table below. Many rural telephone companies, including Champaign Telephone Company, receive support from the Federal Universal Service Fund. New rules reduce such support if a telephone company's local rates are below the national average. The \$1.25 increase is necessary to bring our residential local rates more in line with the national average and to avoid reduction in our Federal Universal Service Fund support.

<u>Exchange Name</u>	<u>Current Rate</u>	<u>Rate as of September 1, 2014</u>
Urbana		
- Individual Line	\$13.92	\$15.17
- Two-Party Line	\$13.46	\$14.71
- Zone A – Individual Line	\$15.99	\$17.24
- Zone A – Two-Party Line	\$15.53	\$16.78
- Zone B – Individual Line	\$17.15	\$18.40
- Zone B – Two-Party Line	\$16.25	\$17.50
Kingscreek		
- Individual Line	\$13.92	\$15.17
- Two-Party Line	\$13.46	\$14.71
Terre Haute		
- Individual Line	\$13.72	\$14.97
- Two-Party Line	\$13.27	\$14.52
- Zone A – Individual Line	\$15.77	\$17.02
- Zone A – Two-Party Line	\$15.32	\$16.57

Our last increase in residential local rates was more than 18 years ago.

If you have any questions, please call our office at 937-650-4000.

The following affidavit will be prepared and filed with the Commission after the customer notice is provided to customers on September 1, 2014:

I, _____, am an authorized agent of the applicant corporation, Champaign Telephone Company, and am authorized to make this statement on its behalf. I attest that the customer notice accompanying this affidavit was sent to affected customers as a bill message on September 1, 2014, in accordance with Rule 4901:1-6-07, Ohio Administrative Code. I declare under penalty of perjury that the foregoing is true and correct.

EXHIBIT E

Demonstration of Alternative Providers

Pursuant to R.C. 4927.12 (C)(3)(a) and the Ohio Administrative Code 4901:1-6-14, Champaign Telephone Company may not increase its BLES rates for an exchange area unless it first applies to the Public Utilities Commission of Ohio and the Commission determines that the Application demonstrates that two or more alternative providers offer, in the exchange area, competing service to the BLES Service offered by the company, regardless of the technology and facilities used by the alternative provider, the alternative provider's location, and the extent of the alternative provider's service area within the exchange area. An alternative provider, under R.C. 4927.12 (C)(3)(a), includes a telephone company, including a wireless service provider, a telecommunications carrier, and a provider of internet protocol-enabled services, including voice over internet protocol.

The Commission has not previously determined that Champaign Telephone Company's exchanges qualified for alternative regulation of BLES.

In accordance with R.C. 4927.12 (C)(3)(a), the attached information demonstrates that two or more alternative providers offer competing service to the BLES service offered by Champaign Telephone Company in its three exchanges, namely, Verizon Wireless, AT&T Mobility, and Sprint. (All three exchanges are served by zip code 43078.)

The Best **COVERAGE**

A phone is only as good as the network it's on.®

Verizon's super-fast 4G LTE network is the most reliable and in more places than any other 4G LTE network.

- Only Verizon's 4G network is 100% LTE.
- Covers over 97% of Americans.
- 2X the 4G LTE coverage of any other network.

Seeing is believing. Compare Verizon 4G LTE coverage to other 4G LTE networks.

These Coverage Locator depictions apply to the following calling plans:

Share Everything, Nationwide Calling Plans, Mobile Broadband and Prepaid.

Data roaming charges apply in Canada and Mexico coverage areas.

If you have a Nationwide Calling Plan: Picture/Video Messaging, Mobile Web and Mobile Email works in both the Enhanced Services and Extended Enhanced Services coverage area; Push to Talk, VZ Navigator and Family Locator work in only the Enhanced Services coverage area.

These Coverage Locator maps depict predicted and approximate wireless coverage. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including customer's equipment, terrain, proximity to buildings, foliage, and weather that may impact service. Some of the Coverage Areas include networks run by other carriers, the coverage depicted is based on their information and public sources, and we cannot ensure its accuracy.

Handset Banner Information

When your banner displays "Extended Network" or "Roaming", Included Features and Optional Services may not be available; standard Text/Picture/Video Messaging rates apply when available. When your banner displays "Verizon Wireless", Optional Services, including Unlimited Text/Picture/Video Messaging if purchased, are available.

Important Information About This Coverage Map

This coverage viewer provides a high-level approximation of wireless coverage. There are gaps in coverage that are not shown by this high-level approximation. Actual coverage may differ from map graphics and may be affected by terrain, weather, foliage, buildings and other construction, signal strength, high-usage periods, customer equipment, and other factors. AT&T does not guarantee coverage. Our coverage maps are not intended to show actual customer performance on the network, nor are they intended to show future network needs or build requirements inside or outside of existing AT&T coverage areas. Coverage maps also may include areas served by unaffiliated carriers and may depict licensed areas rather than an approximation of coverage. Charges will be based on the location of the site receiving and transmitting the

This tool provides high-level estimates of our wireless coverage. Coverage is not available everywhere and varies based on a number of factors. [>> Learn more](#)

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.

Services that rely on location information, such as E911 and GPS navigation, depend on your device's ability to acquire satellite signals (typically not available indoors) and network coverage. E911 services also depend on local emergency service provider systems/support. Estimated future coverage subject to change.
