Greenwich, Ohio 44837

Mrs. Rhine,

Thank you for your continued interest in the proposed Greenwich Windpark (OPSB Case No. 13-0990-EL-BGN). Your comments will be docketed in the case record.

All materials pertaining to the case are available under the 13-0990-EL-BGN docket. Of note, the OPSB Staff Report of Investigation outlines the potential and possible impacts to the project area.

The case remains to be pending before the Board.

Again, thank you for your comments. Please do not hesitate to contact us if you have any further questions.

Steve

COMMENT DESCRIPTION:

Dear sirs, The proposed wind park in Greenwich, Ohio 13-0990-EL-BGN is of concern to me. I was not aware of the importance of the public meeting at our school. The event was NOT publicized well. The scope of this project if accepted will affect the lives of myself and my household for the rest of my life. It is not the decision of just the willing landowners and a few board members. The town and all surrounding area needs to be considered. We have not been wooed by the wind farm company like the prospective landowners. Legitimate concerns over health, property values, and environmental issues have been brushed off as 'unscientific' by this company and only positive 'spin' has been given. There are negative sides to every situation. This community does not need more damaging business projects. Daily we deal with the side effects of constant railroad traffic and a landfill south of town which is scheduled to open a hazardous waste cell. The eyesore of 30 wind turbines added to that makes me feel that the community of Greenwich has been terribly abused. We /I want my kids to experience the beauty and safety of small town life. The propaganda that this will bring jobs is a lie. The only jobs for this project will be specialized positions, nothing for residents. We, as residents, will gain only land and environmental destruction from this project. The Long term health consequences have not been adequately studied or addressed. This is my town, my family's town. I love it and want the best for my community. This is not a decision to be made only by the targeted landowners and a board. Respectfully, Bonnie Rhine
