Ms. Kathy Albert
2631 Alpha Road
Greenwich, Ohio 44837

Ms. Albert,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the proposed Greenwich Windpark (OPSB Case No. 13-0990-EL-BGN). Your comments will be docketed in the case record.

All materials pertaining to the case are available under the 13-0990-EL-BGN docket. Of note, the OPSB Staff Report of Investigation outlines the potential and possible impacts to the project area. Several of your concern are address in the report.

The case remains to be pending before the Board.

Again, thank you for your comments. Please do not hesitate to contact us if you have any further questions.

Steve

COMMENTS: I am NOT in favor of this so called "Wind Farm" being in Huron County. I believe there are more negatives to them than positives. Just to list a few of those negatives; 1. The electricity produced will be for someone else, yet the rate of our electric bills will still rise. 2. The possibility of a decrease in the value of my home 3. The change in the landscape around my home (forever changed). 4. The harm to area wildlife such as the protected ones like the eagles, the vultures, the list goes on. 5. The closeness of the turbines to people affecting their quality of health and life 6. The noise. 7. The "flicker". Now for the positives; Oh I'm sorry, I can't think of any!
