Mr. & Mrs. Parello,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding Everpower's motion to extend its certificate for the Buckeye I Wind Farm in case number 08-0666-EL-BGN. It is noted that you believe the OPSB should require Everpower to submit a new application and hold a public hearing on this matter.

The OPSB welcomes and encourages public comment on cases during all stages of a project, from pre-application to certification, and for matters such as the extension of a certificate or questions during the operation of a facility. Your comments will be docketed in the public comments section of OPSB case numbers 08-0666-EL-BGN and 13-0360-EL-BGA.

Please do not hesitate to contact me with any additional questions.

Sincerely,

Matt Butler

Dear Board Members, I understand that Buckeye Wind has filed a motion to extend the deadline of their certificate of approval. I believe that they should have to submit a formal application for this extension and I believe the OPSB should hold a formal hearing on this request. In this way the public would have an opportunity to comment. Thank you. Mr. & Mrs. Steve Parello; 2469 Parkview Road; Mechanicsburg, Ohio 43044
