Ms. Klausing,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Buckeye Wind Farm. It is noted that you oppose the motion to extend Everpower's certificate in case number 08-0666-EL-BGN and request that the OPSB require Everpower to submit a new application and hold a public hearing on this matter.

Your comments will be docketed in the public comments section of OPSB case numbers 08-0666-EL-BGN and 13-0360-EL-BGA.

Please do not hesitate to contact me with any additional questions.

Sincerely,

Matt Butler
Public Outreach Manager
Ohio Power Siting Board
Public Utilities Commission of Ohio

In the matter of Case No: 08-0666-EL-BGN

Ohio Power Siting Board,

I am writing to ask that you not act on Everpower's motion to extend their certificate to build the Buckeye Wind Project. You should require an application and hold a hearing. It is most important The Ohio Siting Board listens to those residents that are in the affected turbine area & give them a chance to be heard, since THEY ARE THE ONES THAT WILL BE LIVING NEAR THEM.

Please do not let Everpower sneak thru again by asking for a quick extension by motion.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

Technician

While I do not reside in Champaign County, I do live in a County that is targeted for wind development & I believe that if you do not provide due process in this case, there will be little hope for due process down the road in other counties. We are all stakeholders in your decision.
