---

To the members of the OPSB and the public comment section.

Due to the obvious holes in the notification process for this and other similar projects in Ohio, we the undersigned citizens of Greenwich Ohio area are petitioning the OPSB for another public meeting to be held in Greenwich, concerning the 6011 Greenwich Windpark LLC project. A vast majority of the citizens are still woefully ignorant of this project and the probable impact it is going to have on their community. We have gathered roughly 300 signatures in support of another hearing. For the sake of fairness and transparency would the Ohio Power Siting Board please grant this request.

Thank you from, Kevin Ledet

We the undersigned, due hereby petition the Ohio Power Siting Board, to authorize another public meeting to be held in Greenwich, OH., concerning the construction of the 6011 Greenwich Windpark LLC case no. 13-0990-EL-BGN.

A large percentage of this community is unaware of the size and scope of this project and the possible health and financial effects it will have on them and the area.
