Ms. Oney,

Thank you for contacting the Ohio Power Siting Board regarding the proposed Greenwich Windpark, OPSB Case No. 13-0990-EL-BGN. Your comments will be docketed in the case file. It is noted that you are opposed to the project.

At this time, the Greenwich Windpark is currently pending before the Board.

Thank you,

Steve

COMMENTS: I have been writing your members individually without responses so will try it this way. I am such a peace loving person but am so fired up right now! I just went on your comment page for the first time and noticed that all of the landowners who have leased wrote early on how much they supported the wind park being forced on our community. What a farce! They were obviously nothing much more than form letters that the saleslady from the wind park told them to write. Well, we have a whole community of people who do not want these turbines erected between us and the open sky we love. You will hear from more and more of us as we are becoming more and more furious with the underhanded way these were slipped in while we slept. I'm not condemning people who leased who are our neighbors and good friends but I am certainly condemning the immoral company that plans on destroying our landscape and way of life! Our neighbors who leased were used in the same way our community was. Please, please help us and do not vote these into existence.
