Ms. Kelley Campbell,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Hardin Wind Energy Project.

Public comment on matters before the OPSB are always welcome, regardless of the case's status in the siting process. The OPSB regularly reviews public comments before a project is certificated, after a Board decision, and during the construction and operation of a project. As such, your comments will be docketed in the public comment sections of the case file under OPSB Case Number 09-479-EL-BGN.

Again, thank you for your interest in the case.

Sincerely,

Steve

Dear Siting Board;

I am requesting that an application be required for extension rather than allowing MOTION.

Do not set precedent and deny citizens of Logan and Hardin Counties due process by eliminating the opportunity for Public comment.

Our rights as property owners have been trampled enough.

thank you for your consideration.
