Mr. & Mrs. Elsasser,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Buckeye Wind LLC wind project.

Public comment on matters before the OPSB are always welcome, regardless of the case's status in the siting process. The OPSB regularly reviews public comments before a project is certificated, after a Board decision, and during the construction and operation of a project. As such, your comments will be docketed in the public comment sections of the case file under OPSB Case Number 08-066-EL-BGN and 13-0360-EL-BGA.

Again, thank you for your interest in the case.

Sincerely,

Steve

Case Number 08-0666-EL-BGN

To OPSB Members:

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
technician IN Date Processed AUG 04 2014

We are writing to ask that you deny the extension by motion for Buckeye Wind LLC and require that Everpower file an application to extend the deadline of their certificate. By obtaining an extension by motion verses an application they eliminate the opportunity for the public to comment.

We ask that an application be required for Everpower's certificate extension request.

We ask the Ohio Power Siting Board to hold a hearing on the extension of Everpower's certificate of approval.

We ask that the public be allowed to comment.

Thank you,

Anthony and Katie Elsasser
