Mr. Boulton,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Buckeye Wind LLC wind project.

Public comment on matters before the OPSB are always welcome, regardless of the case's status in the siting process. The OPSB regularly reviews public comments before a project is certificated, after a Board decision, and during the construction and operation of a project. As such, your comments will be docketed in the public comment sections of the case file under OPSB Case Number 08-066-EL-BGN and 13-0360-EL-BGA.

Again, thank you for your interest in the case.

Sincerely,

Steve

**Subject:** Case No.: 08-0666-EL-BGN

Dear Ohio Power Siting Board,

I am writing in reference to Case No.: 08-0666-EL-BGN.

I ask that Everpower be required to make an application for the extension of their certificate of approval for the above mentioned case.

I believe this is important for an number of reasons such as:

1. Circumstances and individuals have changed in Champaign County since the certificate was issued.
2. The State of Ohio has changed some of the laws governing wind turbines.
3. The Federal government is presently not offering the Production Tax Credit to wind turbine owners.
4. The need for wind generated electricity has declined in recent years.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.  
Technician AM Date Processed AUG 05 2014

5. The application process allows the OPSB to receive and then consider public comment in their deliberations regarding the case.

Thank you for taking into account my concerns. Please let me know if I can assist you in any way.

Sincerely,

**J. DAN BOULTON**
