Dear OPSB,

In reference to case #09-0479-EL-BGN, It is my request that you deny Hardin Wind LLC an extension but Instead a

require an application that would allow for a hearing and the public to comment on the project.

Thank you

Mr. Joe Grant,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Hardin Wind Energy Project.

Public comment on matters before the OPSB are always welcome, regardless of the case's status in the siting process. The OPSB regularly reviews public comments before a project is certificated, after a Board decision, and during the construction and operation of a project. As such, your comments will be docketed in the public comment sections of the case file under OPSB Case Number 09-479-EL-BGN.

Again, thank you for your interest in the case.

Sincerely,

Steve

Dear Sir:

It has been brought to my attention that Invenergy is filing a motion to extend the Hardin Wind Energy project 09-0479-EL-BGN .

Certificate extension requests should follow due process and provide an opportunity for public comment. By filing a ***motion*** instead of an ***application for amendment***, Invenergy is trying to deny due process to citizens. Certificate extension requests should follow due process and provide an opportunity for public comment. Please deny this motion.

Thank you
