LLC for Certification as a Competitive Retail ) Case No. 14-1390-EL-AGG  
Electric Service Aggregator/Power Broker. )

MOTION TO EXTEND CERTIFICATION

Applicant Trebel, LLC (Trebel), by and through counsel, hereby files this motion for an extension of Certificate Number 12-537E(1), issued by the Public Utilities Commission of Ohio (Commission) in Case No. 12-1854-EL-AGG, which certified Trebel as a competitive retail electric service aggregator/power broker. Trebel requests that the Commission extend the effective date of the certificate, such that Certificate Number 12-537E(1) will continue to be effective for the period of time during which the Commission reviews its new application, which has been contemporaneously filed in this docket. The basis for this motion is set forth in the accompanying memorandum in support.

WHEREFORE, Trebel respectfully requests that its Motion to Extend Certificate No. 12-537E(1) be granted.

Respectfully submitted,

**MEMORANDUM IN SUPPORT**

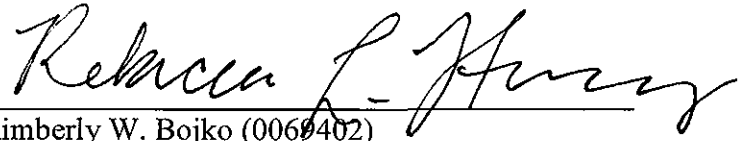

---

On July 23, 2012, in Case No. 12-1854-EL-AGG, the Commission issued Certificate Number 12-537E(1), which certified Trebel as a competitive retail electric service aggregator/power broker. By its terms, the certificate expired on July 19, 2014. Unfortunately, due to an inadvertent oversight, a renewal application to extend the effectiveness of the certificate was not timely filed. This circumstance has only very recently come to Trebel's attention and, as a result, Trebel has filed an application for a new certificate in the above-captioned docket.

Due, however, to concerns regarding certification as a competitive retail electric service aggregator/power broker during the period of time in which the Commission will undertake the review of its new application, however, Trebel files this motion to extend the effective date of Certificate Number 12-537E(1). Trebel requests that the Commission extend the effective date of the certificate to encompass the entirety of its review of Trebel's new application, such that, if the new application is approved, there will be no break in Trebel's certification.

For these reasons, Trebel respectfully requests that the Commission grant its motion to extend its certification during the period in question.

Respectfully submitted,
