JEMM S1 Properties LTD-OH-PV-7.14kW Facility  
Staff Interrogatories – Initial Set**

**Question 1:**

For Section 'G' of the Application, please submit another digital photograph(s) that depicts an accurate characterization of the renewable generating facility. Please indicate the date(s) the photographs were taken. We would like an aerial type photo so that we can confirm the total number of installed solar panels.

**Answer 1:** Below is a view from another building that shows all modules installed.

Below are some additional photos from the rooftop to show the modules a little more clearly.

Please let me know if you have any further questions and thank you for your cooperation.

Best,
