Re: Greenwich Windpark, Case No. 13-0990-EL-BGN

Mr. Fletcher,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the proposed Greenwich Windpark, OSPB Case No. 13-0990-EL-BGN. Your correspondence will be docketed in the public comments section of the case record. It is noted that you are opposed to the project.

The OPSB Staff Report of Investigation, published on April 18, 2014 and available on the OPSB website (www.opsb.ohio.gov) serves as the Staff's recommendation to the Board. Several of your concerns are discussed in the report.

Ultimately, the Board will vote whether or not to certificate the project. To date, the Greenwich Windpark proposal is currently pending before the Board.

Again, thank you for your interest in this case. If you would like to sign up to receive email notification of upcoming Board agendas and decisions, or if you simply have additional questions, please contact our office at (866) 270-6772.

Sincerely,

Steve Irwin, Public Outreach Coordinator
Ohio Power Siting Board

To Whom It May Concern,

I am writing in regard to the wind turbines which are planned to be constructed in Greenwich, Ohio. As an adjacent land-owner (Omega Crop Co. LLC) to this proposed property, I am strongly opposed to the construction of the turbines. I oppose the turbines because of health risks, property devaluation, noise, impact on wildlife and safety. We do not want these turbines built near our property.

Sincerely,

A handwritten signature in cursive script that reads "Jamie Fletcher".
