Re: 6011 Greenwich Windpark, LLC
Case No. 13-990-EL-BGN

Dear Ms. McNeal:

This letter has two purposes. First, this letter is to bring to the attention of the Ohio Power Siting Board ("Board") information concerning the letters posted in the docket between the dates of July 3, 2014 and August 18, 2014, well after the above referenced case had been submitted on the record. The second purpose of this letter is to address the so-called "survey" submitted to the Board on August 1, 2014.

From July 3, 2014 to August 18, 2014, twenty-five different correspondents submitted letters to the Board. Lanay Smith lives about 7.6 miles from the project. Suzanna Lynch claims to be an adjacent landowner but gives no address. The Huron County Auditor's site shows no properties owned by Suzanna Lynch in Huron County. The address given by Megan Ponchel is owned by a different person, and the address given for Julia Shepherd is owned by Scott and Rubin Shepherd.

Many of the remaining letters are from property owners who are **not** in, nor adjacent to, the project area of the 6011 Greenwich Windpark. Our research on the addresses of the letter writers shows that of the twenty-five different correspondents, only five are adjacent landowners. Attached are copies of four maps, which display the locations of the properties of the letter writers.

On August 1, 2014, Mr. Kevin Ledet submitted "surveys" in petition format that had two columns, for or against. Attached is a map of the persons who signed that "survey" that could be identified by address. In a number of cases, people signed the "survey" who resided at the same address. Also, the map shows that a number of the signatories are those who already signed leases with the Greenwich project and thus have a binding contract for which they will receive payments for the leases. Based on this fact, it is not logical that they would now oppose the project; thus, it appears that they were not given the correct information about signing the survey.

Case No. 13-990-EL-BGN
