Re: Greenwich Wind Park Docket #13-0990-EL-BGN

Dear Sir:

We are adjacent landowners to the wind park. Our family has a dairy farm very close to the proposed industrial wind turbines. We, also, have schools very close.

We are basically an agricultural and residential community. We fear that the noise and distraction of 25 turbines will be detrimental to quality of life for man and beast in our community.

A big concern is turbine fires. We have large fields of ripe and dry grain between the turbines and residents and schools. A turbine fire could be disastrous. Please go to [turbinesonfire.org](http://turbinesonfire.org) to confirm that wind companies report less than 10% of fires and you can see the destruction for yourself.

We vehemently oppose the proposed wind park! Please help us.

Sincerely yours,

Gerald T. Oney
