To: Donlon, Patrick
Subject: Greenwich

Dear Mr. Donlon,

I write to support the request of the immediate neighbors of the proposed Greenwich Township Wind Park for a second public hearing before the Ohio Power Siting Board.

The first hearing was held a time inconvenient to many of the rural neighbors, who are farmers and were engaged in farming activities. In addition, the neighbors need to understand the ramifications of recently-enacted legislation such as SB 310 and the wind farm setback changes effected by the main MBR bill. I feel that a second public hearing would be educational for all concerned, and I hope the board decides to grant that request.

Sincerely,

William J. Seitz
