Dear Matt,

Here is the letter from the South Central School Board in Greenwich, Ohio. I will get a list of all the names for you since they are a little hard to read. It is signed by all 5 school board members, the superintendent and the school treasurer. I think this united effort shows how opposed the community is to the wind turbines when the officials in charge of raising money for the schools would unanimously choose to pass up the tax revenue promised by the wind turbine construction in order to avoid the change in the landscape and more importantly, the potential hazards .

Thank you so much for any help you are able to provide to the citizens of Greenwich.

Sincerely,
Suzanna Lynch

Thank you so much for your response. There was a South Central School Board meeting tonight in Greenwich and all 5 school board members, the superintendent, and the school treasurer all signed a letter opposing the wind turbines. As soon as I get that I will forward it to you but I believe the school board intends to send it to you directly as well.

Sincerely,
Suzanna Lynch

Ms. Lynch,

Thank you for contacting the Ohio Power Siting Board (OPSB) regarding the Greenwich Windpark, OPSB Case No. 13-0990-EL-BGN. Your comments will be docketed in the case record.

In your correspondence, you mentioned that you are providing a letter related to this matter – I do not see an attachment to this email, so if you could kindly reply to this email with that additional information, I will gladly docket the materials for you.

The Ohio Power Siting Board will convene on August 25, 2014 to consider and vote on this project.

Thank you,

Steve

Dear Members of the OPSB,

I am an adjacent landowner to the site of the planned wind farm in Greenwich and I am asking you to please help us stop their construction. We spoke with Senator Manning who has agreed to help us. I'm sure you have the list of all the problems we will face as a community if they are constructed but the fact that even our school board which has the most to gain in the form of tax dollars is against them should tell you that we are very much united in our stance against the wind turbines. We are providing a letter signed by the school board to Senator Manning who has agreed to contact you on our behalf. If you know of anything else we can do to stop this devastating change to our peaceful community or if I can provide any further information to you so that you can help us, please let me know.

Sincerely,
Suzanna Lynch
