Patrick Donlon
Executive Director
The Ohio Power Siting Board
180 East Broad Street
Columbus, OH 43215

Dear Executive Director Donlon,

At the request of many constituents in the Greenwich, Ohio community, I write to you to request an additional public hearing of the Ohio Power Siting Board regarding the proposed Greenwich Windpark project, case number 13-0990-EL-GBN.

I am very appreciative of the public meeting which was held in Greenwich on May 6, 2014; however, many constituents were not aware of this meeting and attendance was low. Since that time, my office has been contacted by numerous individuals from the Greenwich community asking for an additional meeting, as they have many concerns that they would like the Board to address. I have directed them to provide written commentary to the Board, but any possibility of holding an additional meeting for the community to more fully share their many concerns would be greatly appreciated.

I thank you for your attention to this matter. If you have any additional questions, please feel free to be in contact with my office at any time.

Respectfully yours,

A handwritten signature in cursive script that reads "Terry Boose".

Terry Boose
State Representative
