CASE NUMBER: Docket #13-090-EL-BGN

COMMENTS: We need to STOP the Wind Turbines in Greenwich. We need to have a moratorium. No wind certification until independent research- not funded by the wind industry-proves SAFETY & Affordability of sitting these 490 ft. infrasound producing machine by my house, our schools, parks, livestock, wildlife and loved ones!! Wind Energy is NOT "Green" and a tremendous waste of our taxpayers money. Negative health effects, sleep deprivation, migraine headaches, vertigo, nausea, just a few. Our Wild life will not have a chance. Safety, ice throw, turbine fires are all a big concern.PLEASE STOP the WIND TURBINES in GREENWICH.

thank You, Carie Edwards
