Re: Ohio Natural Gas Aggregators/Brokers Renewal Application for
World Energy Solutions, Inc.

Dear Sir/Madam:

On August 15, 2014 the Public Utilities Commission of Ohio ("PUC") received World Energy Solutions, Inc.'s ("World Energy") renewal application for its natural gas aggregator/broker license ("Renewal Application"). The PUC notified World Energy on August 18, 2014 via email that its Renewal Application was filed too early. According to OAC 4901:1-27-09, renewal applications must be filed no less than thirty and no more than one hundred and twenty calendar days prior to the expiration date indicated on the certificate. World Energy's natural gas aggregator/broker license is set to expire on January 14, 2015 and therefore a renewal application must be submitted between September 14, 2014 and December 14, 2014.

As a result, this letter serves as World Energy's request to withdraw its Renewal Application because it was filed too early. World Energy will resubmit its Renewal Application during the required timeframe.

If you or any member of the Commission have any questions regarding this letter please do not hesitate to contact me at (508) 459-8173 at your earliest convenience.

Sincerely,

Cheryl Parker
Staff Attorney
