RE: Case # 13-0990-EL-BGN – OH Power Siting Board

Greenwich Township

RECEIVED-SOCKETING DIV

2014 AUG 22 PM 2:24

PUCO

Dear Ohio Power Siting Board,

This letter is in reference to the wind farm going into our rural community. We realize that the proper setbacks, laws and public hearing procedures were followed to get to this point but the people in our community were sold on new tax dollars for our schools, township and fire department without realizing the size, scale and potential problems associated with the wind turbines. As a Board of Education Member and resident of this community. We have concerns about the sleep deprivation associated with the wind turbines and how they can affect our children coming to school energized and ready to learn, as well as adults in their work place, not to mention in their homes.

We now have a peaceful, rural setting and we would hate to see it ruined for a short term profit for our community.

Please help us do the right thing and stop the wind farm.

Respectfully,

South Central Board of Education

Jeffrey M. Omer
Bob M...
Michael A. Allen
Sam C. Ph...

D. J. D..., Superintendent
Beth J. G... Treasurer
Dave J. H..., Board President
