COMMENT DESCRIPTION:

Case No. 13-0990-EL-BGN In regards to the windmills. After a lot of investigation it is clear these are no good for any of us. I have young children, who do not need to hear this irritating noise! Not to mention all the psychiatric crap "that could" happen to anyone of us. How about our property value that we worked so hard for???? You come in and destroy our property value not caring about us just how much money you can make! Maybe more people need to investigate instead of seeing dollar signs and how much money you get every month. Isn't your health more important and your children's health?? STOP and investigate before you make your final decisions. Who are the wind turbines gonna be helping anyway?? You?? Or is it just the "extra" money monthly? This world is sad!!
