I want to reduce air pollution, save money on my electric bill and urge our utilities to provide cleaner energy sources for our electricity.

My family and I care about reducing toxic pollution and saving money on our electric bills by supporting clean energy instead.

This bailout would cause all of our rates to go up no matter what energy company we buy from.

My family and I should not have to pay for Duke to continue polluting our air with this outdated technology.

We need Duke energy to be held accountable to their customers - not to their stakeholders.
