

FILE  
**FAX****BEFORE THE OHIO POWER SITING BOARD**

In the matter of the Application )  
of Black Fork Wind Energy, LLC )  
to amend its Certificate issued in ) CASE # 14-1591-EL-BGN  
Case # 10-2865-EL-BGN )

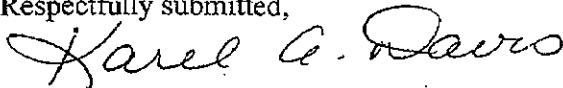

**PETITION TO INTERVENE**

I, Karel A. Davis, an intervener in case 10-2865-EL-BGN do hereby petition the Ohio Power Siting Board for the opportunity to intervene in the amendment Case #14-1591-EL-BGN. I do this because it is unclear to me if intervener status carries over automatically or since a new case number has been issued, we are to start over.

Therefore, since I am a non-participating landowner in the footprint of the project and because neither the company, board, staff, or the Farm Bureau represents me, I petition for the opportunity to represent myself in these proceedings. One issue in particular that concerns me is the fact that receptor numbers, used in studies and computer models, have changed and again do not correlate to an address or property owner. Every person in the footprint should be notified of the manner this project may affect them, according to computer modeled studies.

Please grant my continued intervener status on this and all issues which may arise in this amendment case.

Respectfully submitted,

Karel A. Davis,  
Resident  
6675 Champion Rd.  
Shelby, OH 44875
