The Ohio Power Siting Board
180 East Broad Street
Columbus, OH 43215

Dear Executive Director Donlon and Members of the Ohio Power Siting Board,

I write to express my support for the application of rehearing and memorandum in of Omega Crop Co., LLC, filed as an owner of property adjacent to the wind farm property in Greenwich, Ohio (Case No. 13-990-EL-BGN).

Omega is a small farming business in my district. From my understanding, the windpark developer, 6011 Greenwich Windpark, LLC ("Greenwich"), has acknowledged Omega as an adjacent property owner. The owners of Omega, in addition to many other adjacent property owners have expressed opposition to the wind farm and request a rehearing following their initial request of a motion to intervene and an additional public hearing.

If granted, a rehearing will ensure Omega and its interests as a component of Huron County's economy will be considered fully, and in accordance with Ohio Revised Code.

With that, I respectfully ask for the Ohio Power Siting Board's favorable consideration of Omega Crop Co.'s application for rehearing. Please do not hesitate to contact my office if I can be of any assistance in this request.

Sincerely,

Gayle L. Manning
State Senator
13th Ohio Senate District
