Dear Township Trustees Britten, Mack and LaHote:

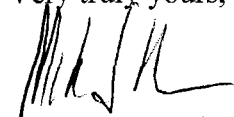

North Coast Gas Transmission (NCGT) is proposing to install a 22-mile, 24-inch natural gas pipeline from Maumee to Oregon in Wood and Lucas Counties. This pipeline will supply the needed fuel for the Oregon Clean Energy Center to operate and provide electricity to the surrounding community. Construction on the pipeline is tentatively scheduled to begin in the summer of 2015 and end in the spring of 2016.

This project falls under the jurisdiction of the Ohio Power Siting Board (OPSB) with a Letter of Notification, OAC Rule 4906-11-01. A description of the pipeline and the proposed route are included with the enclosed Letter of Notification, which was filed today with the OPSB for its review and approval. We are sending the Letter of Notification to you as required by the OPSB's rules.
